## Welcome Cattlemen and Women!

Our crew welcomes yours to our second annual bull sale. We thank you for your interest in our “Ranch Raised Bulls,” and appreciate you being here! Since our first sale last year we have learned and grown in many ways. We believe we’re developing a great program that every cattle producer should consider.

What does “Ranch Raised Bulls” entail? Why should you consider our bulls? On our ranch, the cow raises her calf on her own without creep feed. Weaned calves are on a slow gain high roughage diet. Our yearlings are grown completely on native Sandhills grass, no supplement besides salt and a good mineral program. After grazing all summer on Sandhills range, the bulls go back to free choice native hay and that same slow gain ration. You can be assured that the bulls in this offering are exactly what you see. Our customers from Nevada to Michigan are very pleased with how the bulls maintained condition and libido during breeding. How do these bulls hold condition in the contrasting environments? Many of the grasses across the country have higher nutritional content than in the Sandhills. The bulls that make it through our program will thrive anywhere!

As we visited with customers there was another common theme that kept coming up: These bulls are EASY to get along with. Our cattle are handled with horses, dogs, afoot and the occasional machine. You will not find bulls with a better disposition. We are a family operation with young kids- safety is number one. We cull deeply for disposition. Here are some things a few customers have said about these bulls:

“They have all kept flesh.” – Zach W - Nevada

“I can’t believe how gentle these bulls are.” Joe L- Bassett Livestock

“Purchased bull via DVAuction- Very pleased! Delivered to my farm 1000 miles away. I look forward to my next bull from Orton Ranch Red Angus.” Alex P- Michigan

“Orton’s are very knowledgeable about cattle and have provided us high quality bulls to help improve our herd.” Cicely E- Idaho

Thank you for considering our program, we are prepared to serve you. See what a ranch raised bull can do for your operation!

May the Lord bless you with a prosperous 2020.

*-Daniel and Summer Orton*

### Auctioneer’s comments:

It is such a pleasure to work with the Orton family this year as we break into 2020. As you all are aware 2019 was one that young and old alike will never ever forget but genetics like these are why we keep coming back and we stay in business. The thing that impresses me with what Daniel and Summer are doing is the focus on the cow and convenience traits that sometimes get lost in the shuffle in today’s instant gratification world. Their focus remains on what every good rancher needs to be profitable. Longevity efficiency and productivity and I believe you will have a great chance to evaluate these long age Red Angus bulls in Bassett Nebraska in January. We will see you on the seats!

# Meet the Crew

Our crew consists of our family, horses and dogs. This brings us great satisfaction knowing we ride for our cattle, our land and our brand.

We are proud to offer efficient and quality Red Angus bulls and females, raised by our family for your family!

A special thank you to Will Williams (pictured left) for all of his help over the years!

# THRIVE

Ranch Tested. Rancher Trusted.

**Red Angus**

[RedAngus.org](http://RedAngus.org)

Position your ranch to thrive with the industry's most-favored female.

An independent university study compared eight years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded up to \$11/cwt more than females of all other breed types.

This may be one of the most complete Red Angus bulls I have ever seen. He has depth of body, length and fleshing ability. His feet look great and he travels very well. His temperament is as soft as it gets. His mother is very feminine with great feet and udder quality.

# Red Angus Guide to EPDs

**HB** ..... HerdBuilder Index – Need bulls for developing a profitable cowherd and maximizing the value of marketed progeny? Select a bull with a high HB value.

**GM** ..... GridMaster Index – If you market all of your calf crop and want to increase the value of that calf crop, select a bull with a high GM value to maximize your profit.

**CED** ..... Calving Ease Direct – Breeding Heifers? Select bulls with a high CED to increase the probability that the heifers will calve unassisted.

**BW**..... Birth Weight – Predicts differences in birth weight. BW is included in the CED EPD, so simplify your decisions by selecting bulls based on CED instead of BW.

**WW** ..... Weaning Weight and **YW** ..... Yearling Weight – Predicts differences in weight at weaning and yearling. While selection based on these growth measures can increase your payweight, be cautious what the bull's other EPDs are.

**Milk** .... Milk – Predicts differences in weaning weight of daughter's progeny due to milk production.

**ME** ..... Maintenance Energy – Selecting bulls with a lower ME EPD will decrease the amount of feed his daughters will require to maintain body weight.

**HPG**..... Heifer Pregnancy – Retaining heifers? Select bulls with a high HPG to increase the percentage of exposures that result in a calving observation.

**CEM** .... Calving Ease Maternal – Another number to pay attention to if you are retaining heifers. Selecting bulls with a high CEM will increase the probability of those daughters calving unassisted.

**STAY**.... Stayability – The most important trait if your goal is developing cows that stay productive, thus increasing your profitability. Bulls that have a high Stay EPD are expected to sire daughters that remain productive in the herd until at least 6 years of age.

**MARB** .. Marbling Score – Select bulls with high MARB EPD to increase the number of progeny that grade Choice or Prime.

**YG** ..... Yield Grade – Marketing calves on a grid? Placing selection pressure on YG EPD will decrease the number of YG discounts on grid-marketed progeny.

**CW**..... Carcass Weight – Selecting bulls with a high CW EPD will increase the weight of the hanging carcass, which directly impacts revenue.

**REA** ..... Rib Eye Area – Need to add muscle? Select bulls with a high REA EPD to increase rib eye area, which favorably increases Yield Grade.

**FAT** ..... Backfat – Need to reduce waste in carcasses? Select bulls with a low FAT EPD to reduce backfat, which favorably increases Yield Grade.

# 2019 Sale Highlights

# Sale Terms & Conditions

## 1. BIDDING

The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

## 2. TERMS

Terms of sale are cash unless satisfactory credit arrangements have been made with Sale Management prior to sale.

## 3. PURCHASER'S RISK

Each animal becomes the risk of the Buyer as soon as sold, but it shall be the obligation of the Seller to see that animals are fed and cared for free of charge to Buyer, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.

## 4. CERTIFICATE OF REGISTRY

A transferred certificate of registry will be furnished to the Buyer for each animal.

## 5. HEALTH

All animals are eligible for interstate shipment, except as otherwise announced. Interstate health papers will be furnished for each animal in accordance with prevailing State/Federal Regulations.

## 6. ANNOUNCEMENTS

Announcements from the auction block shall take precedence over the sale catalog and/or any additional information printed regarding the animal(s) sold.

## 7. LIABILITY

All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents or losses that may occur.

## 8. CONTRACT

The above terms and conditions of the sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitute a separate transaction.

# Veteran Tribute

While traveling in Idaho the week of Veterans Day in November, I ran into some great people that faithfully served our country in the Military. Robert and Donna Scheer of Murtaugh Idaho now have a faithful dedication in providing quilts to anyone that served this great country! Each quilt is stitched with patience and extreme love and care for others who served. They are constantly looking for people to give their quilts too. Upon learning that my father and father in law both served in the Military they desired to give them one of their special quilts. Thank you to all Veterans and to Robert and Donna for your service and for your appreciated act of kindness! God Bless America!
